Personal Profile

I strive for detail in all the work I do and put everything into any role I'm given. I am extremely passionate about creating the most emotive and immersive show possible be it as a bassist, MD or any other role I take on. I can be relied upon to help drive a project forward.

Professional Experience

Music Director | Playback - Ultrasound Live
2025 – Present

- I founded a unique live direction and production company, and run business day to day.
- Create and produce shows for world tours, live sessions, festival runs and album campaigns.
- Have developed working relationships with key industry figures including Universal, Sony, Island, Interscope and more.
